

SCSC's sixth grade Seasons class researching and lending small amounts of money to people around the world utilizing Kiva.org.

Seasons

Kiva.org

Microlending:

Small Loans

Making a Big

Difference

Kiva promotes the belief that people hold the power to create opportunity for themselves and others. Seasons students selected borrowers from ten different countries, including Ecuador, Albania, Mali, and the United States. Our loans helped to fund higher education, small businesses, housing, and farming costs. As each microloan is repaid, the money becomes available to a new borrower.

Where did the money come from? In 2009, Ms. Wendy Ormsby received Kiva.org credits as a gift from her sister. She was so amazed with Kiva that she donated \$1500 from our SCSC Service Auction to people around the world. We now re-use the same \$1500 each time we lend!
